Subject: Noise Complaint 204 College Ave West

I am in receipt of your letter dated October 30, 2012. I will speak with the tenants at the property in question and ask them to refrain from causing any noise that disturbs the neighbours. If there continue to be instances where the city is contacted with complaints, please contact me at 519 820-6935 and I will contact the tenants and try and address the behaviour first.

I will also determine if my tenants are willing to provide a contact number so the complainant can speak with the tenants directly prior to escalating the complaint if they have not already attempted to deal with the tenants directly. Please contact me if the tenants contact information would be helpful.

Thanks

James Kritz
