EXPLANATION OF PURPOSE AND EFFECT AND KEY MAP FOR BY-LAW NUMBER (2015)-19931

1. By-law Number (2015)-19931 has the following purpose and effect:

This By-law authorizes a Zoning By-law Amendment applying to the lands at 44, 56, 66 and 76 Arkell Road, City of Guelph. A Zoning By-law Amendment application (File No. ZC1314) was received by the City on September 18, 2013 from Astrid J. Clos Planning Consultants on behalf of Moshi Holdings Ltd., and was deemed to be complete on October 8, 2013.

The subject lands affected by this Zoning By-law Amendment are legally described as Part of Lot 6, Concession 8 (Geographic Township of Puslinch) And Lots 3, 4, 5, And 6, Registered Plan 514, City of Guelph. The subject lands are located on the north side of Arkell Road, east of the intersection of Gordon Street and Arkell Road and across from the northern terminus of Malvern Crescent. It has an area of approximately 2.4 hectares (See Key Map attached).

The Zoning By-law Amendment will rezone the subject lands from the existing UR (Urban Reserve) Zone, WL (Wetland) Zone and R.1B (Residential Single Detached 'B') Zone and R.3A-48 (Specialized Cluster Townhouse) Zone covering the subject property to a R.3A-58 (Specialized Cluster Townhouse) Zone, P.1 (Conservation Land) Zone and WL (Wetland) Zone. This will permit the development of ninety-three (93) cluster townhouse dwelling units and other uses in accordance with Section 5.3.1.1 of the Zoning By-law. Further, the rezoning will also align the WL (Wetland) Zone boundary with the confirmed and surveyed limit of the Torrance Creek Provincially Significant Wetland on the subject lands, as well as incorporate a 30 metre wildlife corridor and conservation buffer that will accommodate a future public recreation trail connection.

The Zoning By-law Amendment will also confirm that the standard R.3A provisions and regulations, as outlined in Section 5.3.2 and Table 5.3.2 of the Zoning By-law will apply to the development of the subject lands, with the following specialized exceptions and additions:

- That the minimum lot area per dwelling unit be 255 m^2 whereas the Zoning By-law requires 270 m^2;
- That the minimum front yard be 3.9 m whereas the Zoning By-law requires 6 m;

- That the minimum side yard be 3 m whereas the Zoning By-law requires half the building height;
- That the maximum building height be 4 storeys whereas the Zoning By-law requires 3 storeys (for units 81 to 93 only);
- That a private amenity area be a minimum of 1.4 m from a side lot line whereas the Zoning By-law requires 3 m (for unit 93 only);
- That the maximum density of the site be 41 units per hectare whereas the Zoning By-law requires 37.5 units per hectare; and
- That the above provisions shall continue to apply collectively to the whole of the subject lands that are within in the R.3A-58 Zone, despite any future severance, phase of condominium registration, partition, or division for any purpose.

The July 13, 2015 Guelph City Council approval also includes thirty-six (36) conditions that are to be secured on title to the lands through a future site plan control agreement.

The proposed Zoning By-law Amendment was initially considered by Guelph City Council at a Public Meeting held on May 12, 2014 to consider the initial proposal of forty (40) stacked townhouses and one-hundred and seventy-six (176) multiple-attached dwelling units. Following this initial Public Meeting, the application was changed to include ninety-one (91) cluster townhouse dwelling units. A second Public Meeting to consider the revised proposal was held by Guelph City Council on February 9, 2015. Guelph City Council held a Decision Meeting for the revised proposal on July 13, 2015.

Further information may be obtained by contacting or visiting the Infrastructure, Development and Enterprise Department, 519-837-5616, extension 2790, City Hall, Guelph, Ontario.

Persons desiring to officially support or object to this zoning amendment must file their support or objection with the City Clerk, City Hall, Guelph, as outlined on the page entitled "Notice of Passing". Any comments or objections which you may have previously submitted are considered to have been unofficial and for the City's guidance only.
